*INDUCED THOUGHTS REGARDING THE PUNCTUATION IN
BULGARIAN LANGUAGE*

Abstract:

The paper comments on the punctuation rules indicated in the Preface to the Official Orthography Dictionary of the Bulgarian Language (2012), most specifically, their presentation, which – along with the orthographic rules – was also published in a separate booklet. The author voices the opinion that it is necessary to reduce the number of recommendations and to allow for larger freedom in the use of punctuation marks.

Keywords:

punctuation, comma, semi-colon, directions for use of punctuation marks
